Region 4 Service Project 2020-21

Do you remember what it's like to enter a classroom for the first time and think…*How do I make this space an inviting leaning place?* Our Region 4 Service Committee wants to help our local ATPE college graduating members get their first classrooms ready and create awesome learning environments for their students. All ATPE local units are invited to contribute by bringing $25 gift cards from Office Depot, Amazon, Staples or Walmart to our Region 4 Spring Assembly on April 10. These cards will be distributed by Cynthia Villalovos to our ATPE college seniors as they near graduation in May. Thanks in advance for your support.
